ROSETTA TECHNOLOGY?

ROSETTA

WE ARE ROSETTA TECH

Are you looking for a job that gives you hands-on experience and exposure to the technology industry? Here at Rosetta we design, build, test and deploy technologies that enable and empower world class marketing programs for our clients. Our Technology discipline is comprised of almost 400 technologists (which is roughly 1/3 of our agency!). No matter what area of technology you are interested in, we invite you to find out what it's like to be a part of our story.

WHERE DOES YOUR ADVENTURE BEGIN?

- Chicago
- Los Angeles
- Princeton
- San Luis Obispo
- Cleveland
- New York
- San Francisco

OPPORTUNITIES IN THE FOLLOWING AREAS:

- **Software Engineering**—We develop e-commerce sites, mobile applications, and custom solutions using Java, .Net, iOS and many other software development languages.
- **Front-End Development**—Using your knowledge of front-end languages such as HTML and CSS, you will develop cutting edge solutions for some of today's top brands.
- **Business Analysis**—Collaborative, detail oriented, analytic—these are just a few of the traits we look for in our Business Analysts. As a BA, you will be involved with hands-on requirements analysis to translate business needs into the inputs necessary for project success.
- **Infrastructure Engineering**—You will help design and build physical and logical server layouts for clients' data center (hosted or cloud based) e-commerce solutions.
